General Comments	<p>Bill Crealock penned some of the finest cruising motor-yachts ever to roam the world, and Offshore crafted them to a standard of construction and detail that borders on the fanatical. Here's a 58 with probably the most comprehensive inventory of any Offshore ever launched. With thruster, stabilizers, dual gensets, massive watermaker, dive compressor, satellite TV, fully air-conditioned – it's a struggle to find anything this boat lacks!</p> <p>And of course boasting the luxury hand-rubbed teak fitout and quality of construction that is synonymous with Offshore Yachts. Classic lines that will never date.</p> <p>Three cabin boat has been refitted by an adoring owner now seeking a larger yacht. Very well maintained, professionally upgraded, and tastefully redecorated.</p>

Summary			
<p>The Offshore 58's wide beam and full-sized walk-around side decks blend effortlessly to create a spacious saloon, gourmet sized galley and extraordinarily roomy pilothouse – all offering excellent visibility. Breakfast in the pilothouse, lunch on the flybridge, cocktails in the cockpit and dinner in the saloon – so many options!</p> <p>With a large, full-beam owner's stateroom with king-sized berth, generous forward stateroom with queen-sized berth, and separate double berth guest cabins, there is plenty of accommodation for family and friends to go boating in style.</p> <p>Bill Crealock's Offshore designs are renowned as the most stable, comfortable and seakindly yachts of their class. With a sleek, low silhouette, low centre of gravity and deep fine forefoot, Offshore has created a yacht that will handle anything the sea throws at her – and with stabilizers the smoothest ride on the water.</p> <p>This 58 has all the fruit and is ready to cruise the Australian coast, or simply enjoy with friends – a truly gracious, classically-styled yacht that is the epitome of understated taste. Truly a boat for the connoisseur.</p> <p>Call Matthew Holliday on 0408 005 309 to find out more, and to arrange an inspection.</p>
